

ICEsonic Mighty E

The Mighty E is incredibly light weight and robust double hose dry ice blasting machine. This fully pneumatic unit requires only an air compressor to power it. The Mighty E also features a large hopper and a very high dry ice feed rate, allowing you to clean even the toughest industrial surfaces with ease. Although it does not include adjustable air pressure, the Mighty E's stainless steel body and extremely sturdy frame make it the ideal choice for frequent transport and outdoor use. The large inflatable wheels provide excellent stability and mobility, enabling you to move the machine with ease even in rough terrain. The machine has won an award from the South African Stainless Steel Association (SASSDA), a prestigious honor that speaks to its high quality and reliability. With its unbeatable value for money, the Mighty E is the perfect investment for businesses looking for a high-quality dry ice blasting machine that won't break the bank.

Specifications

Type	Double Hose Dry Ice Blaster
Touch Screen	No
Automation Ready	No
Air Inlet	1" Universal Claw Coupling
Housing/Frame	Stainless Steel
Blasting Pressure Regulator	Optional
Compressed Air Filter	Optional
Compressed Air Pressure	Up To 1600 kPa (16 bar) (233 psi)
Optimal Compressed Airflow	4.0 m ³ /min (141 cfm) or more
Mid-Range Compressed Airflow	3.0-4.0 m ³ /min (106-141 cfm)
Low-End Compressed Airflow	2.5-3.0 m ³ /min (88-106 cfm)
Feed Rate	Up To 120 kg/h (265 lbs/h)
Hopper Capacity	25 kg (55 lbs)
Wheel Size	250mm (10")

Power Supply	Fully Pneumatic
Weight	25 kg (55 lbs)
Dimensions	515x565x86mm (20x22x3")
Shipping Weight	45 kg (99 lbs)
Shipping Dimensions	600x800x1150mm (24x31x45")
