

ICEsonic SMART HD

The SMART HD single hose dry ice blasting machine is a reliable and efficient solution for medium to heavy duty cleaning tasks. With its sturdy stainless steel body and anodised aluminium dashboard, this machine is built to last. The easy-to-use Siemens PLC provides precise control of dry ice feed and pressure, allowing for efficient and effective cleaning every time. The SMART HD is the ideal choice for businesses looking for a cost-effective and versatile dry ice blasting machine. With its middle of the range design, it strikes a perfect balance between performance and affordability. Its easy-to-use dashboard allows for intuitive control, enabling you to quickly and effectively clean a wide range of surfaces and equipment. Upgrade your cleaning process with the SMART HD dry ice blasting machine today and see the difference it can make for your business.
